INTRODUCTION

Filmcity introduces its new 3ft Power Video Camera Slider for video makers who want to add drama, depth & action in their shots. Needless to say but this video slider is truly high on quality & low on price. Multi featured slider can easily be afforded by students to amateurs and a “must have” product for professional video makers to buy without doubt. So, capturing the dramatic shots from different angles is a matter of ease with this tripod slider. A High Grade Aluminum camera slider is an outcome of solid construction which can be used lifetime. On the other side, it is designed in a manner to keep it light weight slider so that it can be taken anywhere & way easier to use. Its wide rail design offers premium stability while tracking your shots & wide spread 4 bearings makes it a smooth camera slider. It saves a lot of time while shooting as there is absolutely no need to dismantle the camera plate for mounting & dismounting the camera. It offers a carriage break to keep slider in static position. The sturdy rubber feet of slider stabilizer are adjustable for precise levelling on uneven surfaces and prevent scratches on delicate surfaces. However, this slider dolly track gets assembled by a person in very short time. So, make this photography slider your best partner if you are heading to do something different this time

IN THE BOX

Please inspect the contents of your shipped package to ensure you have received all that is pictured and listed below.

Filmcity 3ft Power Video Camera slider

CAUTION : Clean the rails before using the slider to get shakefree shots.
