INTRODUCTION

To Fulfill needs of the modern world of shooting with Straight camera sliders is not everytime's requirement, it's time for the change by adding a curved camera slider dolly in your tool box and give your shot compositions a jump start. Fully featured video slider with heavy - anodized aluminum construction, super-smooth glide rail, spirit level & tension adjustment, gives you the ability to create high-quality production shots without over-extending your budget. It gets attached directly to a tripod and may also be used stand-alone with the included feet.

IN THE BOX

Please inspect the contents of your shipped package to ensure you have received all that is pictured and listed below.

ASSEMBLING YOUR CAMERA SLIDER

- Stretch the adjustable legs and attach them to the slider and tighten well with the screws. Then fix their position and height as per your requirement.

- Attach the fluid head on camera plate and then mount it on slider.

- Tighten the knob to secure it well and then mount your camera on it.
